Smart Life matching process, please follow the steps:

1.Download the “Smart Life” APP on your smart devices by scanning the QR code below with camera.

2.Turn on WiFi and Bluetooth on your smart devices. Ensure it's connected to a 2.4GHZ WiFi.

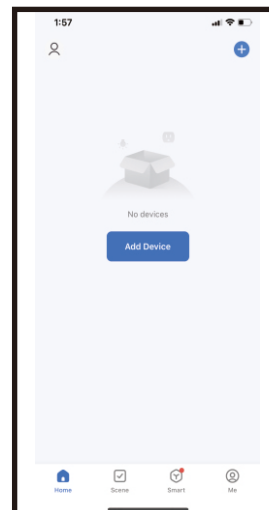

3.Open the APP, follow the steps to register new user account or login existing account.

4.Follow instructions in main manual (steps can also be found on the back of the remote) to put the fan into WiFi pairing mode. If the operation is successful, go to step 5. If the fan has previously been paired or you can't get it to work, please go to step 4 to RESET the fan.

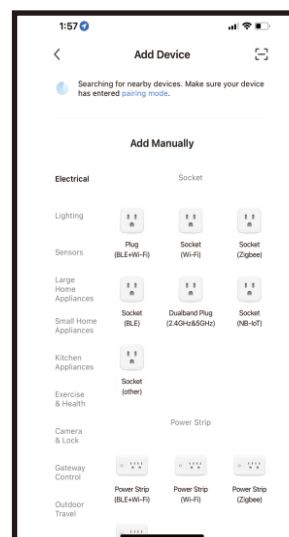

5.RESET the fan. This step is NOT necessary if the fan has successfully entered WiFi pairing mode in the last step, if not, try to RESET the fan: turn on the fan, power off after 10 seconds, power on again after 15 seconds, long press “Fan Stop” for 5 seconds, if "beep beep" are heard, the reset is successful. If "beep beep" is not heard, the reset is failed, please repeat this step.

6.Once the fan has entered WiFi pairing mode, open the APP again on the smart device. Click “Add Device” in the middle or the “+” on the top right of the screen.

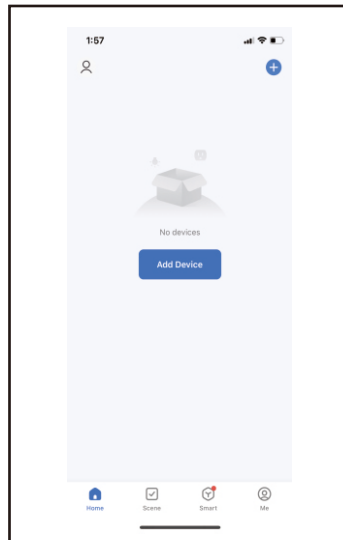

7.The auto scan should begin automatically, and the fan should show up at the top of screen within a few seconds.

Note: If the fan is not showing up, you can add it manually by clicking and navigate to: >Add Manually >Small Home Appliance > Fan

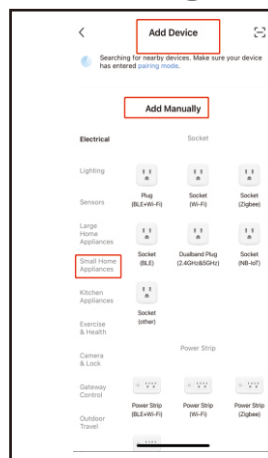

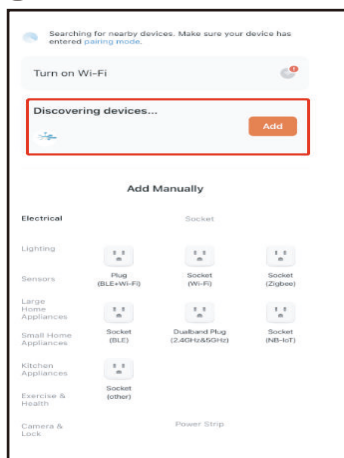

**WARNING** Installation MUST carry out by a qualified and licensed electrician.

8. Follow instructions in the APP to finish the set up.
