Installation Instructions

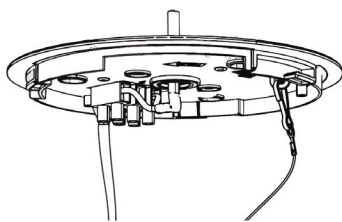

Step 1. Turn off power at the mains before wiring and installation

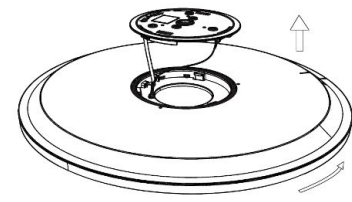

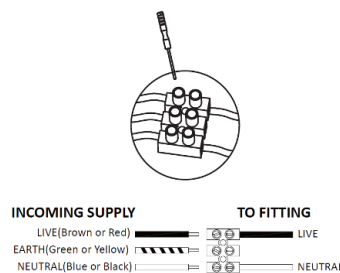

Step 2. Fix the hanging plate to the ceiling

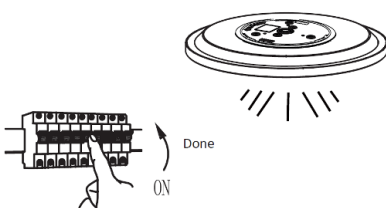

Step 3. Hang the safety rope then connect the power cord.
Connect the two power cords through the terminals

Step 4. Fix the terminals to the plastic hanging plate

Step 5. Fix the light on the hanging board

Step 6. Turn the power on

- For maximum number per circuit breaker, use the recommended quantities as for standard mains 50W lamp (or 100W R80)
- Ensure that the area the unit is to be fitted has a minimum height clearance of 20mm
- Cut a suitable hole in the ceiling for each unit ensuring no positions are under joists, cables, pipes etc
- Terminate cables at primary side of driver ensuring cable clamp is in place
- For indoor use $T_a=25^{\circ}\text{C}$

Spectra LED Ceiling Light Installation Guide
